

Privacy Policy (PlaySmart-Kids)

Updated: Jan 05, 2018

Privacy Policy for Mobile Apps:

This privacy policy explains how Playsmart-Kids collects and uses information in our mobile apps and how information is used.

“Playsmart-Kids” also is referred to as “we”, “us”, or “our” in this Privacy Policy.

Personally Identifiable Information:

In the multiple user version, users can assign a name in a player profile. So, we recommend not to use any personally identifiable information in your player profile.

In the single and multiple user version, the apps collect the player’s play history, and it is only stored locally on the device, according to the player’s profile name.

In our apps, we do not collect personally identifiable information about you. That means we do not collect information such as your full name, address, phone number, email address or any other personal information.

We do not knowingly contact or collect personal information from children under 13. If you believe we have inadvertently collected such information, please contact us so we can remove the information immediately.

Location Information:

Our apps do not access geographic location on your device. That means we do not use or collect your geographic location.

Access to personal data:

In our apps, the data collected from the users are the player's profile name and play history. They are only stored locally on the device and can be viewed and/or deleted inside the app.

Sharing of information:

We do not share any personally identifiable information (such as name, address, email address or phone number) with other companies.

Advertisement:

We have no advertising in our apps, which means you will not see any advertisement that is targeted to you. In addition, we do not allow advertising companies to collect data through our apps for advertising.

Questions about privacy:

If you have any questions or concerns about our privacy policies, feel free to email us at playsmart.kids@gmail.com.

Third party software:

We do not use any third party software in our apps.

Others:

Our free version apps contain a link to app stores (such as Apple App Store or Amazon Appstore or Google Play Store) for purchasing the full version only. Some of our apps provide In-App Purchases for anyone who downloads the free version to upgrade or unlock a full content and some features in the app.

Effective date: July 7, 2016
